

Common Mistakes in Sterile Processing & How to Avoid Them

DESCRIPTION

This webinar discusses frequently asked questions and looks at scenarios where misconceptions or errors in infection control occurred, why that happened, and what the outcome could be. We'll then discuss solutions for each of the questions and scenarios we address, based on CDC recommendations and ANSI/AAMI.

LEARNING OBJECTIVES

After completing this course, learners should be able to:

- address frequently asked questions
- identify potential errors in infection control
- review how to avoid the errors discussed and associated outcomes
- describe some considerations in 'going green'

CONTINUING EDUCATION

OSAP is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the **Commission for Continuing Education Provider Recognition** at ADA.org/CERP.

Please email the OSAP office at office@osap.org or call +1 (410) 571-0003 if you wish to be in contact with the course author/creator(s) with any questions or for clarification of course concepts or for technical assistance in completing the online test.

All participants assume individual responsibility for providing evidence of contact hours of continuing education to the appropriate authorities and for the maintenance of their individual records.
