

Update on ANSI, ADA, AAMI, and ISO Standards

This presentation will describe how voluntary consensus standards help assure the quality and safety of dental products and how these industrial standards enhance the competitiveness of US products in the global marketplace. Participants will learn how to access and apply current national and international standards related to infection prevention and safety. Dr. Collins and Dr. Mills will review current ANSI/ADA and AAMI initiatives and describe how OSAP members can participate in standards development activities.

LEARNING OBJECTIVES:

1. Describe how voluntary consensus standards help assure the quality and safety of dental products and enhance the competitiveness of US products in the global marketplace
2. Identify how to access and use standards related to infection prevention and safety and describe how to participate in standards development.
3. Articulate OSAP's current participation in ADA, AAMI, and ISO voluntary consensus standards development activities.

RECOGNITION STATEMENT

ADA C.E.R.P.® | Continuing Education
Recognition Program

OSAP is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the **Commission for Continuing Education Provider Recognition** at ADA.org/CERP.

Please email the OSAP office at office@osap.org or call +1 (410) 571-0003 if you wish to be in contact with the course author/creator(s) with any questions or for clarification of course concepts or for technical assistance in completing the online test.

All participants assume individual responsibility for providing evidence of contact hours of continuing education to the appropriate authorities and for the maintenance of their individual records.
