November 11, 2021 (ATLANTA, GA) -The Organization for Safety, Asepsis and Prevention has released a special issue of the *Journal of Dental Infection Control and Safety (JDICS)* featuring OSAP's 2021 Annual Conference Proceedings. Expert summary contributors and individual presenters wrote "briefs" to convey key takeaways and implementation strategies, reminders/cautions, and references and resources for each presentation.

The rich and timely content is organized into:

- Agency and standards updates
- Pandemic and emergency preparedness
- Infection prevention
- Safety
- Peer-reviewed research abstracts
- Plus letters from the Editors and Chairman, and OSAP's Annual Report by Executive Director, Michelle Lee.

Executive Director of OSAP, Michelle Lee, says "The special issue of JDICS gives readers who missed the 2021 Annual Conference a chance to stay up-to-date on emerging and salient topics in dental infection prevention, occupational health, and patient safety."

About OSAP

The Organization for Safety, Asepsis and Prevention (OSAP) is the only dental membership association solely focused on infection prevention and patient safety education. Our members include individual clinicians, group practices, educators, researchers, consultants, trainers, compliance directors, policymakers, and industry representatives who advocate for safe and

infection-free delivery of oral healthcare. OSAP focuses on strategies to improve compliance with safe practices and on building a strong network of recognized infection control experts. OSAP offers an extensive online collection of resources, publications, FAQs, checklists, and toolkits that help dental professionals deliver the Safest Dental Visit™ possible for their patients. Plus, online and live courses help advance the level of knowledge and skill for every member of the dental team. For additional information, visit www.osap.org.
