About OSAP

The Organization for Safety, Asepsis and Prevention (OSAP) is the only dental membership association solely focused on infection prevention and patient safety education. Our members include individual clinicians, group practices, educators, researchers, consultants, trainers, compliance directors, policymakers, and industry representatives who advocate for safe and infection-free delivery of oral healthcare. OSAP focuses on strategies to improve compliance with safe practices and on building a strong network of recognized infection control experts. OSAP offers an extensive online collection of resources, publications, FAQs, checklists, and toolkits that help dental professionals deliver the Safest Dental Visit for their patients. Plus, online and live courses help advance the level of knowledge and skill for every member of the dental team. For additional information, visit osap.org.
