<u>Home</u> > <u>Resources</u> > <u>Frequently Asked Questions (FAQs)</u> > <u>Disinfection</u> > <u>Question</u> <u>& amp; Answer</u>

Is cold sterile (glutaraldehyde) approved to kill SARS-Cov-2?

The U.S. EPA maintains a list of disinfectants to use against COVID-19. This list is being updated on a periodic basis and can be accessed at: <u>https://www.epa.gov/pesticide-registratio</u> <u>n/list-n-disinfectants-use-against-sars-cov-2</u>

If you have a specific product name or EPA registration number, that can also be searched on this EPA webpage.
