Are there any harmful respiratory effects from using Product X? Is it better to use Product X wipes rather than the spray?

As a matter of policy, Ask OSAP does not review, evaluate, certify, recommend or endorse products. Ask OSAP is also not in the position to provide technical support for specific products. If you have further questions about specific products it is recommended that you consult with the manufacturer's written instructions for use (IFU) and/or contact the manufacturer of your product directly.

Additionally, the product Safety Data Sheet (SDS) also includes information about the toxicology of the product. Further information about SDSs can be found at:
<https://www.osha.gov/Publications/OSHA3514.html> ¹

Section 11 of the SDS provides information about health effects.

If you have more specific questions about health effects, you may wish to consider consulting with an occupational health professional.
