

## What is The Safest Dental Visit™ Toolkit?

[The Safest Dental Visit™ toolkit](#) is designed for individual clinicians, group practices, educators, consultants, speakers, trainers, compliance directors, policymakers, and industry representatives dedicated to ensuring every dental visit is a safe visit.

Each toolkit contains materials to help you develop an understanding of CDC guidelines and interim guidance, OSHA requirements, maximize the role of the infection control coordinator, foster a culture of safety, and take full advantage of OSAP membership.

The Dental Trade and Consultant & Speaker toolkits also include a media kit.
