

Does OSAP have any in-person events?

Yes! OSAP hosts two (2) in-person events per year:

- [OSAP Dental Infection Control Boot Camp™](#) : a fast-paced, foundational-level educational course presented by national and international experts in dental infection prevention and patient safety. The course curriculum is based on CDC Guidelines and OSHA Standards.
- [OSAP Annual Conference](#) : an advanced-level conference that brings together the most innovative thinkers in dental infection prevention, occupational health, and patient safety. The program covers a wide variety of topics relevant to dental infection control including evolving guidance, compliance, and emerging infection prevention and safety issues.
